## About Founder & Chairman

**Mr Madhusudan Agrawal** Co-Founder & Vice Chairman of Ajanta Pharma Ltd, a multi-national and global company also a Chairman & Founder Trustee of Mamta & Madhusudan Agrawal Foundation and Hon. Consul of the Republic of Uganda, was deeply inspired by a Principle of Ethics Philanthropy – an intention to do good by giving back to society. He initiated his endeavour towards cancer eradication, by establishing the Mamta & Madhusudan Agrawal Foundation (**M&MAF**), a non-profit organizations. The Foundation addresses cancer as a health problem through its distinctive philosophy to 'Eradicate Cancer'. He is committed to making quality healthcare available to all by providing medical services at reasonable cost, medical care & treatment by highly qualified doctors & dedicated staff.

## Message from the Chairman

**At Sanjeevani Mamta Super Specialty Hospital, your health and well-being are our top priorities and we are committed to providing exceptional care with compassion, expertise, and innovation.**

**We welcome patients from all walks of life and are committed to providing accessible and affordable healthcare. Whether you are covered under government schemes or TPAs, we are here to serve you with the highest standards of medical care.**

**We look forward to serving you and being your partner in health and medical services.**

**Madhusudan Agrawal**

**Chairman and Founder Trustee**

**Mamta and Madhusudan Agrawal Foundation**

**Hon. Consul of The Republic Of Uganda**

# About Our Hospital

**Mamta & Madhusudan Agrawal Foundation** took over the management of Sanjeevani Hospital, Andheri East on 1st Nov, 2022 and renamed it to Sanjeevani Mamta Super Speciality Hospital - A Unit of Mamta and Madhusudan Agrawal Foundation.

Ours is a leading healthcare institution dedicated to providing comprehensive and high-quality medical services. With 48 beds and a range of state-of-the-art facilities, we strive to deliver exceptional care and support to our patients. Our commitment to excellence extends with our advanced Operation Theatre complex (3 modular OT's with Laminar airflow and hepa filters) ICU facilities, Executive Health Check-up and a dedicated dialysis center having 5 dialysis machines with recliner chairs. We take pride in our association with various government schemes and Third Party Administrators (TPAs) providing cashless facility to the patients ensuring accessible and affordable healthcare for all. We believe in fostering a warm and compassionate environment where you feel supported throughout your healthcare journey.

**Our Commitment to Safety:** Patient safety is our utmost priority. We maintain rigorous standards and protocols to ensure a clean and safe environment for everyone who enters our facility. Our healthcare professionals adhere to the highest standards of hygiene, infection control and quality assurance, providing you with peace of mind during your stay.

## Our Services

We offer a wide range of specialized medical services to address your unique healthcare needs. Our experienced team of physicians, nurses and support staff work together to provide exceptional care across multiple disciplines. We have a dedicated OT for Ophthalmology.

### 1. State-of-the-Art Operation Theater Complex

Our hospital boasts a modern and well-equipped modular operation theatre complex consisting of three advanced theatres. These theatres are designed to meet international standards, incorporating the latest technology and infrastructure for performing intricate surgeries across specialties.

**Operation Theater**

## 2. Specialized Intensive Care Unit (ICU)

To cater to critical care needs, we have 8 beds intensive Care Unit (ICU) with facility of dialysis in 2 beds and an isolation bed for infected patients and staffed by skilled intensivists and trained nurses. Our ICU is equipped with cutting-edge monitoring systems, ventilators and other essential medical equipment to provide round-the-clock care for patients requiring intensive medical attention.

### **3. Executive Health Check-up**

**In the pursuit of a healthy and fulfilling life, prevention plays a crucial role. By proactively monitoring our health and identifying potential risks early, we can take necessary steps to prevent the onset or progression of diseases. Our Hospital recognizes the importance of prevention and offer comprehensive health checkup packages. These packages combine various medical tests and screenings to assess an individual's overall health and detect potential health issues before they become more serious.**

**Waiting Area**

**Executive Lounge**

## 4. Dialysis Center

**Dialysis, a life-saving procedure for those with end-stage renal disease, can be financially burdensome for many. However, our dialysis center go above and beyond, operating in three shifts to provide round-the-clock care and offering benefits of government schemes to underprivileged individuals.**

**In line with our commitment to providing comprehensive care, we have established a dedicated dialysis center with 5 recliner chairs with capacity of 15 dialysis in a day, also providing emergency dialysis 24/7 in ICU and is staffed by experienced Nephrologists and trained technicians who deliver personalized care to patients requiring hemodialysis. We adhere to stringent infection control measures to ensure patient safety.**

**Dialysis Centre (5 Machines with Recliner Chairs)**

## 5. Government Schemes and TPAs

We have empanelled with various government healthcare schemes like Mahatma Jyotiba Phule Jeevan Arogya Yojna-MJPJAY and collaborate with Third Party Administrators (TPAs). We accept patients covered under these schemes and work closely with government bodies and insurance providers to streamline the billing and reimbursement processes, minimizing financial burdens on patients

## **6. Emergency Care**

**Our dedicated emergency department is the first point of contact for any critically ill patient, needing immediate medical attention. It is managed by qualified Casualty Medical Officer and nurses, trained specifically for providing emergency care to save a life 24/7**

## **7. Inpatient Care**

**Our hospital aims to provide a comfortable and conducive environment for patients to recover. We understand that the healing process extends beyond medical treatment. The inpatient rooms are designed to offer various facilities that promote well-being and ensure a positive experience. Our comfortable and modern inpatient facilities are equipped to handle a wide range of medical conditions, providing personalized care and support during your hospital stay.**

### **Type of Rooms**

- **Deluxe Rooms**
- **A Class Rooms**
- **Twin-Sharing AC rooms**
- **Twin sharing Non AC rooms**
- **General Ward**

## 8. Imaging Centre

Imaging Centre plays a crucial role in modern healthcare by providing valuable information to assist in the accurate and timely diagnosis of various medical conditions. **We have the following facilities:**

### **X-ray**

It uses electromagnetic radiation to create images of the internal structures of the body, such as bones, lungs and certain soft tissues.

### **Mammography**

It is a specialized X-ray examination of the breasts, primarily used for the early detection and diagnosis of breast cancer. It can detect small tumors or abnormalities that may not be palpable during a physical examination.

### **Ultrasound**

It uses high-frequency sound waves to produce images of organs, tissues, and blood flow patterns. It is often used to examine the abdomen, pelvis, heart, blood vessels and other areas of the body. Ultrasound is non-invasive and does not use ionizing radiation.

### **Stress test**

It involves monitoring the heart's activity while the patient exercises on a treadmill or stationary bike. Stress tests help diagnose coronary artery disease, assess heart function and determine appropriate treatment plans.

## 9. Pathology

**To ensure prompt and accurate diagnostic services for our patients, we are proud to offer 24x7 in-house pathology services. Our dedicated pathology department operates round the clock, staffed by a team of highly skilled pathologist, technicians and support staff.**

## 10. Pharmacy

To ensure seamless access to quality medications, we are proud to offer a 24x7 in-house pharmacy within the hospital premises. Our pharmacy operates round the clock, is well-stocked with a comprehensive range of medications including branded and generic drugs to meet the healthcare needs of patients.

## 11. Specialized Clinics

**Our specialized clinics focus on various medical specialties such as Orthopaedic General Surgery, Clinical Medicine, Oncology, Clinical Nutrition, Neurology, Pediatrics, Dental, Aesthetics, Ophthalmology, Urology, Diabetology, Gynaecology and more ensuring comprehensive care for specific health conditions.**

## **12. Physiotherapy Department**

Our dedicated team of Physiotherapist provides rehabilitation services to help patients recover regain functionality, and improve their quality of life.

### **Restoring mobility and function**

After joint replacement, cancer surgery or any other surgery, patients often experience reduced mobility and function. Physiotherapy helps in restoring joint mobility, strength and flexibility through targeted exercises and techniques. It can help patients regain their ability to perform daily activities and improve their overall quality of life.

### **Facilitating faster recovery**

It helps them regain strength and mobility. Early intervention and active participation in physiotherapy have been shown to shorten hospital stays and promote a faster return to normal activities.

## **13. Clinical Nutrition**

**Clinical nutritionist play a crucial role in hospital by providing specialized nutrition services to patients.**

**Nutritionist forms a part of healthcare team to assess patients' nutritional needs, develop personalized nutrition plans and monitor their progress in collaboration with the medical team.**

**Here are types of services offered by our clinical nutritionist in hospital:**

- a) Nutritional Assessment**
- b) Medical Nutrition Therapy**
- c) Enteral and Parenteral Nutrition**
- d) Nutrition Support in Critical Care**
- e) Weight Management**
- f) Geriatric Nutrition**
- g) Nutrition Education and Counseling**
- h) Nutritional Support for Eating Disorders**
- i) Nutrition in Oncology**

## 14. Community Involvement

As an active member of the community, we strive to give back and promote health and wellness beyond our hospital walls.

### I) **Oral Dental & Cancer Screening Van**

We have a Mobile Oral Cancer & dental screening van, which is completely functional dental clinic on wheels. It is well equipped with all latest technologies to educate and screen oral cancer patients and treat patients with various dental oral and maxillofacial problems. It has a fully functional dental unit, compressor RVG with x-ray machine intra oral camera for oral cancer screening and external placed television along with audio system for patient education during camps.

The goal of this oral cancer & dental screening van is to detect mouth cancer or precancerous lesions that may lead to mouth cancer at an early stage when cancer or lesions are easiest to remove and most likely to be cured.

The Investigations and Surgeries

if required for all the patients screened during the camp will be taken care by the Foundation.

### II) **“Ruk Jana Nahin” - A Drive for Senior Citizen Project**

- Knee Replacement Surgeries at 50% discount for underprivileged patients.

## **15. Support to Cancer Surgeries**

As part of our commitment to “Eradicate Cancer”, we are delighted to present our comprehensive cancer surgery offer.

We believe that our comprehensive cancer surgery reflects our commitment to delivering excellent care and positive outcomes for our patients. We encourage all to reach out to our hospital and schedule a consultation with our expert team.

Our team of experienced and highly skilled oncologists, surgeons, pathologists, other specialists & support staff work collaboratively to deliver the best outcomes for our patients. We understand that every individual's situation is unique and we strive to develop surgical strategies that address their specific needs and “Offer concessional packages”.

### **Wide Range of Cancer Surgeries:**

Our comprehensive cancer surgery offer covers a wide spectrum of surgical interventions, including but not limited to:

**i) Breast Cancer Surgery**

**iv) Prostate Cancer Surgery**

**ii) Lung Cancer Surgery**

**v) Gynecologic Cancer Surgery**

**iii) Colorectal Cancer Surgery**

**vi) Head and Neck Cancer Surgery**

### **Supportive Care Services:**

In addition to surgical expertise, we offer comprehensive supportive care services to enhance our patients' well-being throughout their cancer journey. These include pain management, chemotherapy, nutritional counseling, psychological support & rehabilitation.
